Decide Upon Summerland Beach As The Site

For The Assembly Meetings Of The Future

The New Site Is Located Near Buckeye Lake

And Is On An Electric And A Steam Railroad

Mt. Vernon People Made No Effort To Retain Assembly

Summerland Beach, near Buckeye Lake will no doubt be the future site of the Hiawatha Assembly and the meetings which have been held at Lake Hiawatha park, Mt. Vernon, will be discontinued and Mt. Vernon citizens will lose a splendid chataqua which has been given each summer.

The members of the Hiawatha Assembly committee of the Ohio Baptist Convention, of which Rev. F. E. Brininstool of this city is a member, spent all of Wednesday morning in going over the ground at Summerland Beach and at the conclusion of their inspection of the 56 acres of beautiful grounds decided unanimously to recommend Summerland Beach as the future site for the assembly meetings. Summerland Beach is located on one of the smaller lakes in the vicinity of Buckeye Lake and is directly on the electric line operating between Columbus, Newark and Zanesville. Summerland Beach is only a ten minute walk from Millersport, which is on the line of the Ohio Central railroad.

As has been stated the new site contains 56 acres, having a lake front on two sides. A new steel auditorium, costing \$7,000, has recently been constructed, having a capacity of seating 5,000 people. The beach has a new hotel of 60 rooms and many cottages have been constructed and the assurance that many more will be erected in the early spring. Lots on the beach are selling from \$150 up. There is an electric light plant on the beach and other modern conveniences.

The proposition made by the owners of the land to the assembly committee was all that could be asked for and each member of the committee was most enthusiastic over the site.

After going over the grounds the members of the committee went to Granville where they held a brief session and by resolution unanimously decided that Summerland Beach was the ideal site for the assembly and recommended that the assembly meetings in the future be held there. A copy of the resolutions were forwarded to the conference committee which has the power to select the site. This committee will meet next Monday evening or Tuesday morning in Granville and there is no doubt but that the site recommended by the assembly committee will be selected.

Rev. F. E. Brininstool, a member of the assembly committee, stated to a Banner representative in an interview Thursday that the committee received a number of offers from various cities and towns in Central Ohio, who were very anxious for the assembly, but no proposition of any kind was ever received from the citizens of Mt. Vernon.

FELL

Down Stairs And Fractured Her Collar Bone

Miss Helen Henley was the victim of a very unfortunate accident while at her home on West Chestnut street Wednesday evening. At about eight o'clock, Miss Henley was descending a flight of stairs and had gone about half way down when she suddenly fell to the bottom and was rendered unconscious. She was found a short time after the accident had happened by her parents and Dr. C. K. Conard was immediately called in attendance. After an examination, it was found that the left collar-bone was fractured and that a number of bruises had been sustained about the shoulders. Miss Henley stated that she did not trip over any object on the stairs, but seemed to be seized with a sudden fainting spell while descending the stairs. Her condition is not serious.

PRINTING

A Million Red Cross Stamps Each Day

Washington, D. C. Dec. 1—Announcement comes from the headquarters of the American National Red Cross that Christmas Seals are being printed at the rate of a million a day and that already over 60,000,000 have been given out to agents in all parts of the United States. The demand for these holiday seals is greater this year than ever before.

At the same time the Red Cross issues a warning calling attention to all users of Christmas seals to the ruling of the Postoffice Department that these stickers must be placed on the backs of letters and packages. To avoid the possibility of the misuse of holiday seals, warning cards are being posted in every booth where Red Cross Seals are sold, telling that the stickers are not good for postage and must be used as seals only.

Already several millions seals have been sold to large manufacturing concerns and other business houses in all parts of the United States, and orders are coming in hourly. The outlook for selling 100,000,000 seals and thereby making good the slogan of the campaign, "A Million for Tuberculosis," are very bright.

Your Christmas Packages At Early Date

Suggestions That Save Much Annoyance

Do you expect to send your mother, sweetheart or friend a Christmas present this year? If so, and may find it necessary to patronize some Express Company, it would be well to bear in mind the following suggestions submitted by an expressman.

1. Ship your package early, by the 18th if possible. The Express Company will give you a small label to paste on the package reading, "Don't open until Christmas." This will insure the package reaching its destination before Christmas and give the additional pleasure to the recipient of the gift of having it Christmas morning.

2. Use wooden boxes for packing. Glass or fragile articles should be well protected. It may cost a few cents more, but the danger of loss or damage is very much reduced. True if the shipment is lost or damaged the Express Company will pay for it, but that will give your friend no pleasure.

3. Write the address in full, State, County, City, Street and the Number, on the box or package with ink or crayon. Tags are frequently torn off and lost.

4. If you want to prepay charges, write the word "paid" in large plain letters on the package.

5. Insist on a receipt and see that the amount paid is marked on the receipt and package, and the value of the package declared thereon.

6. Write your own address in full somewhere on the package, following the prefix "From—"

7. Enclose a card in each box or package reading:

From (your address here)
To (consignee's address here)

This in order that should the outer marking be destroyed the inner mark will insure prompt forwarding and delivery.

8. If not convenient to ship in wooden boxes, use strong wrapping paper (not newspaper) and tie with strong cord.

9. If package contains anything of perishable nature, write the word, PERISHABLE in large plain letters on the box, or package, to insure special attention and first delivery.

If you will observe these suggestions, you will greatly assist in insuring the prompt delivery of your gift in good condition.

Was Bartlett Found By Jury In Short Time

In Common Pleas Court For Non-Support

The Beeman Case Was Tried On Thursday

Wilcox Case Goes Over Until Next Term

Bridge Company Is Sued For \$10,000 Damages

Howard Bartlett, whose trial was Wednesday in the court of common pleas, was found guilty of non-support, as charged in the indictment, by the jury after a deliberation which lasted a few seconds less than 15 minutes. The jury returned the verdict Wednesday evening shortly before 5 o'clock through the foreman, Mr. George R. Spearman. Bartlett was sent back to jail after the verdict had been returned and will be sentenced by the court in a few days.

The Beeman Case On—

Thursday morning the case of the State of Ohio vs. Samuel Beeman, charged with burglary, was begun in the court of common pleas. After the case had been presented, the jury was excused while the attorneys argued to the court the question of the admission of certain evidence in this case—in that the defendant had been guilty of burglary on former occasions.

The crime for which Beeman is on trial is alleged to have occurred last summer on the farm of Miss Anna Buckingham, south of the city. The allegation is made that Beeman burglarized a tool house and was shot down by a farm hand as he was leaving the building. Beeman was found the next morning in a field with much shot in his body and was taken to the county jail where he has been confined ever since.

Case Continued—

The case of the State of Ohio vs. Leander Wilcox, charged with incest, has been continued until the February term of common pleas court, upon the application of the attorneys for the defendant on the ground that one of the material witnesses for the defendant is out of the city and will not return home for several weeks.

Campbell Case Continued—

The case against Judge Robert Campbell of Ashland, charged with embezzlement, brought to this county on a change of venue, and which was to have been tried this week, has been continued until next term of court owing to the fact that court's attention is taken up with other matters and it would be impossible to hear the case at this time.

Case Settled—

The case of the State of Ohio ex rel Maude Crill vs. Virgil Adrain has been settled in the court of common pleas.

A \$10,000 Damage Suit—

Melvin Butte has commenced a suit in the court of common pleas against the Mt. Vernon Bridge Co. in which he asks for judgment in the sum of \$10,000 for alleged personal injuries received at the plant of the defendant in this city on September 17, 1910. The plaintiff states that on the above date he was engaged in operating a machine known as a "Reamer" and that the cog-wheels of the said machine were not boxed or encased as required by the laws of Ohio and as a result of the exposure of the said cog wheels the plaintiff caught the fingers of his right hand in the cog wheels and all the fingers were so badly mangled that amputation of all

the fingers was necessary. The plaintiff states he has practically lost the use of his right hand and asks for damages in the above sum. The attorneys for the plaintiff are Owen & Carr.

First and Final—

Joanna F. Miller, guardian of Rachel Halsie Phillips, has filed a first and final account in probate, showing the following: Received \$311.13, paid out the same amount.
